

# Archery Fit

## Arrow Test

We offer club customers an opportunity to try different indoor arrows (shafts, points) to understand which combinations fit them best. Charts of the available arrows and arrow recommendations (compound) are enclosed. Generally, we have variations of X23, X7, Fatboy for Olympic recurve bows (26", 28", 30" cut) & X23, Fatboy, ACC for compound bows (30", 32" cut).

### Terms of the Arrow test:

1. Where. Archery Fit.
2. When. Every day (30 min with an instructor, 1-2-1), booking required.
3. Bows. Olympic recurve / compound.
4. Proficiency level. Intermediate / advanced.
5. Rates:
  - test: £30
  - damaged shaft due to a miss: £10

**Try it before buying!**

 Fatboy 400, 30"  
 Fatboy 500, 30"  
 ACC, 30"

 with 26-28" DL and low poundage  
 we recommend shooting with  
 longer arrows, e.g. for 30-35 lbs  
 (which we recommend ladies start with)  
 best choice is Fatboy 500 30" or X23 2312 32"  
 for 40-45 lbs (which we recommend  
 gents start with) best choice is X23 2312 31"
